

Presentation	Case Status	Recommendations	Exclusion	Return	Special Considerations
Student or staff has symptoms compatible with COVID-19 and no known contact with a confirmed or presumptive case in the prior 14 days.	Suspect Case	Advise COVID-19 Testing	If individual is not tested or tests positive, they must be excluded for the full 10-day isolation period.	24 hours fever free without the use of anti-fever medications AND Negative test OR 10 days from the date of onset , if no test is performed	
Student or staff member has symptoms of COVID-19 and has been in contact with a case of COVID-19 in the past 14 days [and has no alternative, documented diagnosis from a physician]	Presumptive Case	Testing is recommended but note that as a contact of a confirmed case of COVID-19, the individual must remain home the full isolation period regardless of test results.	10 days	10 days from date of onset of illness AND when fever free for 24 hours without the use of anti-fever medication.	
Student or staff has been in close contact with a confirmed case of COVID-19 in the past 14 days and is not symptomatic	Case Contact	Monitor for symptoms, undergo testing if symptoms develop.	Student or staff must remain home for 14 days from LAST exposure	After 14 days of quarantine, unless symptoms develop, then 10 days from date of onset of symptoms.	If the contact is continuous, such as in household cases, the 14-day quarantine may begin AFTER the household contacts 10 isolation period has ended. For a potential maximum of 24 days,
Student or Staff is positive for COVID-19	Confirmed Case	Notify close contacts	10 days from date of onset of illness	10 days from date of onset of illness AND when fever free for 24 hours without the use of anti-fever medication	Household contacts of confirmed case should quarantine.
Student or staff have a household contact that is a contact of a confirmed case of COVID-19, but the student or staff has not been in contact with the confirmed case.	N/A Tertiary Contact	Monitor household for symptoms for 14 days	N/A	N/A	Student or staff do not have to quarantine, unless and until their household contact develops symptoms compatible with COVID-19, in which case they become a contact with a presumptive case.
